#### **5.0 BENEFICIARIES**

73 (Recorded, many were not recorded) but patients benefited by getting readers (Presbyopia) and 108 Patients got photogrey planos (Photophobia), 104 Patients didn't get glasses. Their powers were over.

#### **SUMMARIZED TABLE**

<b>Condition</b>	<b>Male</b>	<b>Female</b>	<b>Total</b>
Presbyopia	101	76	177
Photo phobia	32	56	88
Myopic	04	02	06
Allergic conj	13	06	19
Ptergyuim	04	03	07
Cataract	01	00	01

#### **6.0 OBSERVATION**

Notification being short and abrupt, the turn up of patients was heavy indicating that eye conditions are much in our community.

## **7.0 ACHIEVEMENTS**

- Our Police officers, their families and surrounding communities getting free glasses.
- Extending your services to our community

## **8.0 CHALLENGES**

- Many of our Police officer didn't get glasses especially the starting power e.g.+1.00, +1.25, +1.50, +1.75 etc.
- Notification was abrupt
- No eye drops e.g. steroids, antibiotics etc.

## **9.0 RECOMMENDATIONS**

- Next time, let the first reading powers be many than others because where majority of our patients follow.
- Let Some steroids and antibiotics eye drops be inclusive for our children with allergies, Vernal Carrtah, BC etc.
- Next time inform us in time to allow us do a proper mobilization

## **10.0 Conclusion**

- The management of police Health Services is very appreciative for the services you have rendered.
- Police Community is very big - country wide, give us an opportunity to deliver such services to them especially the reading glasses.
- Lastly the medical camp was very successful and we thank for the motivation.
